Profile

I am currently studying Bachelor of Mechanical Engineering in Czech Technical University in Prague. I am in the last year of my study and am specializing in Information and Automation Technology. I am looking for a part time job or an internship program to get familiar to the working side of the field I am currently studying and gain experience from it so that I can develop myself to be a better engineer. I am willing to learn new programs or systems needed for the position. I cannot wait to apply my theoretical knowledge into practice and also contribute my own ideas.

Education

2018 – present
Prague, Czech Republic

Bachelor of Mechanical Engineering Czech Technical University in Prague

- Learning fundamental subjects in mechanical engineering with hand on experiences in laboratory classes and solving real-life problems as part of a subject's semester work.

Volunteering

2021 – present
Prague, Czech Republic

Structure Team Member CTU Space Research

- Research on a rocket from structures point of view, for example, the internal structure, fuel tanks, nose cone, parachute release mechanism, etc. to apply the knowledge when we build the actual rocket.
- Currently working to build a rocket, which can go up to 3-5 km and land with a good recovery system, to participate in a rocket building competition called EUROC.
- Using 3D modelling programs such as Fusion 360 to model parts of the rocket as well as the whole rocket and performing simulations in Ansys to test the model we made.

Work Experience

11/2019 – 12/2021
Prague, Czech Republic

Receptionist Miss Sophie's New Town Hostel & Hotel

- Processing reservations in the system and taking care of payments.
- Processing invoices when ordering food and supplies for the hotel.
- Making sure guests feel welcomed and treat them nice and warmly during the check-ins, check-outs and whenever they have questions.
- Dealt with some unhappy costumers and work under pressure during the situations when many costumers need my service at the same time.
- Did my best to manage my time to be able to balance work and study.
